Limited Lifetime Warranty

The warranty obligations and limitations set forth below relate to NuCedar, a product line of Jain America Holdings Inc., NuCedar Clapboard, Shingle, Vertical Siding and Pre-Finished Trim products (the “Products”) sold and installed in the United States of America and Canada.

Effective Date: This warranty is in effect for all products purchased after October 1, 2023.

Subject to the exceptions, conditions and exclusions set forth below, NuCedar warrants (the “Warranty”) that during the Warranty Period the Products shall (A) be free from defects in material and manufacture that directly cause the Product to crack, rot or delaminate, and (B) resist damage termite attacks; and (C) the Products shall be free from defects in material or manufacture that directly cause the finish to chip, crack, peel or flake.

WARRANTY PERIOD

A “Covered Party” shall mean the (A) A Residential purchaser, meaning a single-family residential homeowner or (B) A Commercial Purchaser, meaning any purchaser other than a single-family homeowner of the Product prior to installation (including a home builder) or, after installation or use, the Owner (the “Owner”) of the structure to which the Product is applied and (C) one (1) subsequent Owner or transferee of the structure in addition to (A) or (B); provided that, such subsequent Owner or transferee must have registered the Warranty as provided above in order to qualify as Covered Party and subject to the limitations noted below.

“Warranty Period” shall mean a period of the lifetime of the products, while you own the home for Residential Purchasers and 25 years for Commercial Purchasers; both prorated as stated below; provided however, that each such Warranty Period will earlier terminate if the structure on which the Product is originally installed ceases to be owned by a Covered Party.

Transfer: This warranty may be transferred one (1) time, within 5 years from the purchase date of the original material. This warranty may not be transferred from a Residential Purchaser to the Commercial Purchaser. Commercial Purchases are non-transferrable.

REGISTRATION

In order to register your NuCedar warranty, please visit us on our website (<https://jainbuildingproducts.com/warranty-reg-istry>). Failure to register as an initial Owner within 90 days of purchase of the Product or as a transferee within 90 days of transfer of ownership of the applicable structure will void the Warranty and result in the rejection of any warranty claim.

EXCLUSIVE LIMITED REMEDY

If, during the Warranty Period and upon compliance with the Claims Procedure, any Product proves to breach the Warranty, NuCedar shall do the following: (1) if the defective Product has not yet been installed, NuCedar shall in its sole determination either replace that portion of the Product that does not comply with the Warranty or return the purchase price for such portion of the Product; or (2) if the defective Product is already installed NuCedar shall provide replacement products in an amount equivalent to that portion of the Product that does not comply with the Warranty. NuCedar will reimburse the Covered Party for the original retail cost of the defective Product; provided that, the payment shall be prorated such that after the 50th year the Covered Party (25 years for Commercial) shall not be entitled to any warranty payment. NuCedar shall not be liable for any labor (whether associated with the inspection, repair or removal of any defective Product or the installation of replacement Product or otherwise), freight, shipping, taxes or related charges in connection with the foregoing remedies (the “Excluded Amounts”).

1. The Product must always be stored between purchase and installation and shipped according to the manufacturer's instructions.
2. The Product must be installed according to NuCedar's printed installation instructions and all applicable building codes. Failure to install the Product per the manufacturer's published instructions (including with respect to recommended fasteners and adhesives) may affect the Product performance and voids the Warranty. 3. Upon discovery of a possible defect or failure, the Covered Party must immediately, and at the Covered Party's own expense, provide for protection of all property that could be affected until the defect or failure is remedied.
4. NuCedar shall have no responsibility hereunder for defective Product subjected to further processing or alteration after shipment.
5. The purchaser is solely responsible for determining the effectiveness, suitability and safety of the Products in connection with their use in any particular application.
6. The Warranty does not cover or extend to damages, defects or Product failure resulting from or in any way attributable to:
 - (a) the improper storage, shipping, handling or installation of the Product;
 - (b) neglect, abuse or misuse;
 - (c) repair or alteration;
 - (d) settlement or structural movement and/or movement of materials to which the Product is attached;
 - (e) damage from incorrect design of the structure;
 - (f) high winds;
 - (g) acts of God including, but not limited to, hail, hurricanes, tornados, floods, earthquakes, severe weather or other natural phenomena, (including, but not limited to, unusual climate conditions);
 - (h) efflorescence or performance of any paints and/ or coatings which are not NuCedar and/or NuCedar affiliate applied;
 - (i) growth of mold, mildew, fungi, bacteria, or any organism on any surface of the product (whether on the exposed or unexposed surfaces) and in this respect, ANY CLAIMS OF DAMAGE CAUSED BY MOLD OR MILDEW ARE EXPRESSLY EXCLUDED;
 - (j) acid rain or other pollution;
 - (k) heat damage due to refracted glass energy (low E glass), grills, foil sheathing, fire pits, or related causes;
 - (l) shingle lift if the shingle sits no more than 1/8" off the underlying surface;
 - (m) impact of foreign objects such as baseballs, golf balls or other projectiles; or
 - (n) any cause other than manufacturing or material defects attributable to NuCedar.

PAINT COVERAGE

Our product is pre-finished with an industrial heat reflected coating. NuCedar “Pre-Finished Warranty” to Covered Parties provides that the Products (A) shall be free from defects in material or manufacture that directly cause the finish to chip, crack, peel or flake, and (B) shall fall within the paint supplier tolerances for variance for the applicable color, subject to the fact that our brushing patterns produce different color and shading appearance on each shingle.

Limitations on NuCedar coating are as follows:

- (a) Fading of coating or similar issues attributable to normal weathering or uneven exposure to the sunlight.
- (b) The coating is baked on to allow a fast cure to the paint. It allows for the material to be handled and installed. It is not fully cured for another 60-90 days, therefore any abuse or mishandling of the product (ex. Dragging, dropping or improper storage) will not be covered.
- (c) In order to trigger any NuCedar obligation under the Pre-Finished Warranty as to color variance, the applicable Product must have been inspected by the Covered Party or its contractor prior to installation to confirm a color match. If there is a material deviation in color match, a claim must be submitted to NuCedar pursuant to the Claims Procedure and a response received from NuCedar prior to installation of the Product. No color variation warranty claims will be accepted or valid after installation of the applicable Product.
- (d) Our product is prefinished with an industrial heat reflected coating and is designed to produce different color and shading appearance for each Shingle, allowing installer to create a quilt-like-effect on the exterior of a home due to brushing patterns. Any color match must take that into consideration.
- (e) Any applicable limitations listed above under “Conditions of Warranty.”

When providing warranty replacement Product or additional orders of Products to finish a project, NuCedar will do its best to color match the existing siding, but cannot guarantee an exact match as separate jobs may be subject to greater variations in color and NuCedar will only warranty the Product will fall within the paint supplier tolerances for variance for the same color.

CLAIMS PROCEDURE

In order to be eligible for the limited remedies outlined in this Warranty, the Covered Party must comply with each of the following components of the NuCedar Warranty claims submission and processing procedure (the “Claims Procedure”):
